TERMS - Read Carefully

Terms: Cash with order, by check, draft or money order. 10% discount on orders over \$30.00. No discount on collections or Tree Peonies.

SPECIAL: - - On all orders recieved before May 1, 1953 amounting to a net of \$5.00 or more, we allow a special discount of 10%, not including special or collection offers or Tree Peonies.

SPECIAL OFFERS

IRISES

SPECIAL OFFERS - - YOUR OWN CHOICE.

Excepting only Tree Peonies, Oriental Poppies and other special offers all of which are net as listed, you may choose values as follows from the items in this catalogue:

\$6.00	list	for	\$5.00	\$28.00	list	for	\$20.00
\$13.00	"	"	\$10.00	\$45.00	"	"	\$30.00
\$20.00	"	"	\$15.00	\$80.00	"	"	\$50.00

OR, of Irises and Hemerocallis, you may select any 12 items priced at .50c for \$5.00; any 12 listed at .40c for \$4.00; any 13 listed at .35c for \$3.50; or any 15 listed at .30c for \$3.50.

With your orders, be sure to name items that would be acceptable as substitutes for others that may be sold out, as some of the items listed are in short supply.

TRANSPORTATION - - We pay parcel post

or express charges on all retail orders in the U.S.A. that amount to \$4.00 or more except as noted. On smaller orders, BE SURE to add .25c for postage and packing.

MICHIGAN CUSTOMERS be sure to add 3% sales tax.

We can make attractive prices in many cases on orders for quantities of one kind.

Send us with your order the names of five or more friends interested in Iris, Hemerocallis or Tree Peonies, and we will be glad to include extras with your order.

We are very grateful to all our customers who have sent us such nice orders. In filling orders, we always try to do a little more than we promise. Just a few of the many kind comments of our customers will be found elsewhere in this catalouge.

The home of ARVISTA GARDENS is just three houses north of Highway US-12 one block east of its junction with M-78.

Visitors are always welcome at ARVISTA GARDENS though on Saturdays we are usually otherwise occupied and cannot give personal attention

Our Irises usually show their best bloom during the first week of June; Oriental Poppies and Peonies first to third weeks; and Hemerocallis during July. Each July day finds more than 100 different named Hemerocallis in bloom. Daylily bloom begins about the middle of May and continues until freezing weather in the fall. Plant them for better homes and better living.

SHIPPING TIME

Beardless Irises may be shipped throughout the season except when in bloom. They should have plenty of moisture until established. Bearded Irises are shipped from early July to the close of the season. Planting instructions accompany all shipments.

THE FINEST OF IRISES

Nearly all modern Irises produce very large flowers - - 2 to 4 times as large as the older sorts - - are good growers, splendidly formed, with strong stalks and heavy substance, and they show us many new colorings, hues, tones, and blends. The Iris still is "The most decorative form in all the flower world."

IRIS HONORS

Initials are used in descriptions herein as follows:

H. M. — Honorable Mention.

A. M. — Award of Merit.

D. — Dykes Medal.

HF. — Hall of Fame.

The Dykes Medal, which may be awarded to a single Iris annually in the United States, Great Britain or France, is the highest honor that an Iris can receive.

Special honors are voted to various Irises by numerous official Iris judges and awarded by national Iris Societies.

Hall of Fame

The 29 Irises formerly listed in the HALL OF FAME, have received either the Award of Merit, the Dykes Medal, or both. 27 of them have been included in the 1952 list of 100 favorite Irises as selected by members of the American Iris Society. They are the following: Numbers mean their positions in the 100 favorite list:

Amigo	17	Ming Yellow	80
China Maid	36	Missouri	42
Chivalry	8	Ola Kala	1
Christabel	99	Prairie Sunset	26
City of Lincoln	63	Sable	2
Elsa Sass	51	Shining Waters	83
Fair Elaine	55	Sierra Blue	73
Gloriole	44	Snow Flurry	9
Golden Fleece	67	Spun Gold	76
Golden Majesty	81	The Red Douglas	31
Golden Treasure	82	Tiffany	47
Great Lakes	3	Treasure Island	53
Los Angeles	61	Wabash	12
Matterhorn	56		

We have hundreds of varieties not listed here because of limited quantities.

"The Social Register of Irisdom"

During the past score of years, progress has been literally amazing in the development of all the details which constitute a really fine Iris, including size, form, substance, branching, and many new hues, tones, tints and blends. Of the many thousands of Irises which have been named and introduced, the best 100 sorts are selected each year in a symposium by several hundred accredited judges of the American Iris Society, and in our garden may be seen practically all of the Irises named in the new symposium of 1952 released in January, 1953.

During the past thirty years we have raised and discarded more than 1,300 named varieties, and

nearly all of the Irises now in our plantings have been developed within the past 20 years. Each season finds many of the later varieties showing their first bloom in our garden.

May your own favorite Irises bring you each year more and greater joy!

SEASON ABBREVIATIONS

E—Early EM—Early Midseason M—Midseason
ML—Midseason to late L—Late.

ADMIRATION—(K. Smith, 1946). L. 38" H.

M. Ruffled deep golden yellow. Firm substance along with good branching and stalk 3.50

Oriental Poppies

The great Oriental Poppies are easily the most striking note in the June garden. They need only good garden soil. Plant so that the crowns are two to three inches below the surface, and cover with a light straw mulch after the ground freezes up in the fall. Send 10c for our leaflet, "Oriental Poppies and How to Grow Them." We ship mature plants, 2 years or more from propagation.

We have an extensive list of these fine plants, but many of them in quantities too small to permit of listing. Submit a want list, and we will be glad to name prices on those that we can supply. Shipments in August and September.

SPECIAL: 6 splendid sorts, different, named and labeled, postpaid for only \$2.75 Our selection only.

BETTY ANN—24". Beautiful, crinkled La France Pink. Profuse. 1.00

CHEERIO—30". A blush pink with striking red base spots that show through the petals. Sensational. 1.50

HELEN ELIZABETH—24". Deeply crinkled light La France Pink. No spots 1.00

HENRI CAYEUX IMPROVED—Very large, lovely orchid shading to wine color 1.50

JOHN III—21". Daintiest coral pink, much crinkled, no base spots. 1.00

JOYCE—40". Radiant Rose Doree.75

MARY JANE MILLER—Perfectly gorgeous Geranium pink; large, tall, early, prolific. 1.50

MRS. CARL SKINNER—Venetian pink with whitish reverse. Very late 1.50

PINK LASSIE—Very large, most delicate light pink. New, luscious. 1.50

WATTEAU—24". Most profuse La France Pink, no spots, medium size75

TREE PEONIES (*Paeonia Arborea*)

These are the artistocrats of all Peonies. With

woody stems, the plants attain a height of over five feet and a similar spread, and show colors unknown in the Chinese classes. They bloom generally earlier than the latter, and are very free-flowering. This collection represents perhaps the finest assortment available today. However, due to recent labor conditions, propagation has been curtailed.

This season we offer a limited list by name in 2 year plants from 5 in. pots. We hope to be able to offer field plants in another year or so.

Tree Peonies will be shipped express collect only.

DOUBLE CHINENSIS VARIETIES

ARCHIDUC LUDOVICO —Enormous flower, fleshpink, turning to soft lilac.	3.75
ATHLETE —Large double flowers of fine glazed mauve shaded rose, vigorous and prolific.	3.50
JULES PIRLOT —A magnificent variety of perfect globular form. Satiny pink, flushed carmine. Very free blooming.	3.75
REINE ELIZABETH —Probably the finest of all salmon-rose double tree peonies. Large, perfectly shaped flower of a brilliant salmon rose, one of the richest shades in flowers.	3.75
SOUVENIR DE DUCHER —Large globular bloom of bright reddish violet with silvery reflex. One of the finest in the dark colored varieties.	3.75
TRIIMPHE DE VANDERMAELEN —Large, clear rose-purple, very vivid in center and very free-blooming.	3.75

MARVELOUS LUTEA HYBRIDS

These hybrids form a class all their own. They are hybrids from Peony Lutea, characterized by bright green foliage and longest blooming season, beginning just before the Chinese Peonies and continuing to open buds nearly two weeks after all others are gone. This group contains the noted yellow sorts.

ARGOSY —Single flower of clear sulphur yellow, with a red blotch at the base of the petal. Flowers are from 5-7 inches across. Very free blooming.	6.50
FLAMBEAU —Full double flower of bright salmon red with amaranth veins passing to a paler shade after some days. A great novelty.	13.50
LA LORRAINE —A free prize winner in national shows, with large, fully double flowers of soft sulphur yellow flushed salmon. Formerly at \$35.00, now only	7.50
SATIN ROUGE —An altogether new color in Peonies—double blood-orange. A vigorous plant with bright green foliage	10.00

SOUVENIR DE MAXIME CIRNU—Forms a plant 3 to 4 feet high which produces many beautifully shaped full double flowers of a deep yellow, heavily shaded orange salmon. Fragrant. (A.M.R.H.S.) 10.00

JAPANESE VARIETIES

FLORA—Most enchantingly beautiful. Pure transparent white, lightly blotched violet-carmine in the throat. Immense flower of marvelous form. Once established, you will almost want to worship it. 11.00

YASO-NO-MINE—Very large double flowers of purest white, on strong, upright stems. The finest white we know. 18.75

PEONIES

We have around 150 named varieties of the very finest herbaceous Peonies, most of them in too small quantity for listing. They range in price from .75c to \$15.00 each. If you will accept our selection of sorts, named and labeled, we will send you five (5) fine varieties for \$5.00, or 12 all different for \$10.00 postpaid, and dug to order only, after Sept. 1.

PLANTAIN LILIES

Hosta (Funkia).

Subcordata grandiflora—2½ ft. Large, pure white, lily-shaped fragrant flowers in Aug. and Sept., with large, bright green leaves. The old favorite. .75c each or 3 for \$2.00

H. Japonica (lancifolia).—2 ft. Narrow green leaves, with lilac to lavender flowers in summer and autumn. A fine border plant. .60c each or 3 for \$1.50

H. fortunei—2 ft. Broad, blue-green foliage and pale lilac flowers in clusters. Late spring and early summer. Rather scarce, but choice. .75c each or 3 for \$2.00

Hemerocallis (Daylilies)

"The perennial supreme" — always a success — most dependable of all perennials; sun or shade; any soil; no insect pests or diseases. Different varieties furnish bloom from early spring to late fall. Some have two or even three, bloom periods in a season. If planted early, often blooms same season, showing increasing beauty each season until firmly established.

A MUST FOR EVERY GARDEN; exciting material for flower arrangements; beauty of form and coloring that impels gasps of delight from many an onlooker. These flowers have a versatility and beauty, yes, even a glamour all their own. Plant

them generously and experience a new and thrilling garden experience.

In our gardens, the heaviest bloom opens from late June on into August, when we have in bloom each day more than 100 different named varieties.

By planting a variety we may have blooms from two inches to eight inches across, varying in hues from palest yellow through darkest orange, through tan, pink, rose, red, brown and maroon to purple.

We ship Daylilies through spring, summer and fall, reserving the right, in case of some recent varieties in small supply, to ship only after their bloom season is ended. Planting instructions accompany each shipment.

We do not include a number of varieties so recently planted as to be in too small quantities to permit of sale.

Among them are: Antoinette, Black Falcon, Black Prince, Bold Beauty, Bold Courtier, Constance, Copper Colonel, Dawn Play, Gay Troubadour, Gretchen, Harriet Hill, Kansan, Knighthood, Mamie Lake, Mary Guenther, Potentate, Queen Esther, Royal Ruby, Roundelay, Wanda and many others.

Key to Abbreviations.

E.—Early. EE.—Extra early. EM.—Early midseason. M.—Midseason. ML. or MLA.—Late midseason. M-L.—midseason to late. L.—Late. VL.—Very late. Re.—Reblooming, more than once in season.

With any order for \$10.00 or more from this catalogue, if requested, we will include *Hemerocallis* **GLOWING GARNET** without extra charge.

Our garden contains all but about a half dozen of the 1952 selection of 100 Favorite Irises, as chosen by the members of the American Iris Society.

SPECIAL—Send us the amount you wish to spend. \$2.00 or more, leave the selection of varieties to us, and we will send you choice Irises, named and labeled, to 1½ times the amount you send; i e., \$4.00 value for \$3.00; \$12.00 value for \$9.00 etc. This offer may be withdrawn without notice.

 IRIS GARDEN SPECIAL

We are constantly adding improved new varieties and discarding older sorts. In this **SPECIAL** the various hues of these "rainbow flowers" will be well represented in thirty splendid Irises in fifteen varieties—perhaps more—of our own selection. Let your friends see them bloom and send us the names and addresses of those interested. This offer is limited to those who send us orders for other material amounting to \$3.00 or more, and may be discontinued without notice. All, by Express Collect, for only \$2.50.
